PRE-WAR NATIONAL GUARD SQUADRON INSIGNIA

Bill Riley has sent us a reference which not only adds many missing National Guard squadron insignias (see pages 31-32) in full color, but also gives a total of approximately 432 AAF and Navy insignias in full color.

These are covered in the article "Aircraft Insignia, Spirit of Youths" by Gerard Hubbard in The National Geographic Magazine, June 1943, page 710-.

The National Guard squadrons illustrated are the 101st, 102nd, 103rd, 106th, 107th, 108th, 109th, 110th, 111th, 112th, 113th, 115th, 116th, 118th, 119th, 120th, 124th, 152nd, 153rd, and 154th. The insignias given for the 108th, 112th and 119th are different than those listed and probably show a later change.
