18. Grey, Peter L., "The Fokker DR.I.", Aero Modeller, March 1957, Pages 152, 153.
19. "Famous Planes of World War I", small booklet published by R.A.F. Flying Review.
20. Hobby Helpers Plan # ATA 554. (Control-Line Model Plans).
21. Bowers, Peter M., "The Sixty Best of World War One", Air Progress 1957/1958, Page 21.
22. Sharp, John R., "Fok. DR.I 2009/18", A.A.H.S. Journal, Volume 3, Number 1, Page 8.

I have heard that the May 1, 1918 issue of Aeroplane contained information on the DR-I but since I do not have a copy I can not say for sure.

This is by no means a complete listing, but it exhausts my sources completely. Will any members having additional references please send them in so that we may all benefit.
