

R. C. A. F. SERIAL NUMBERS: PART TWO, 1942 - 1946

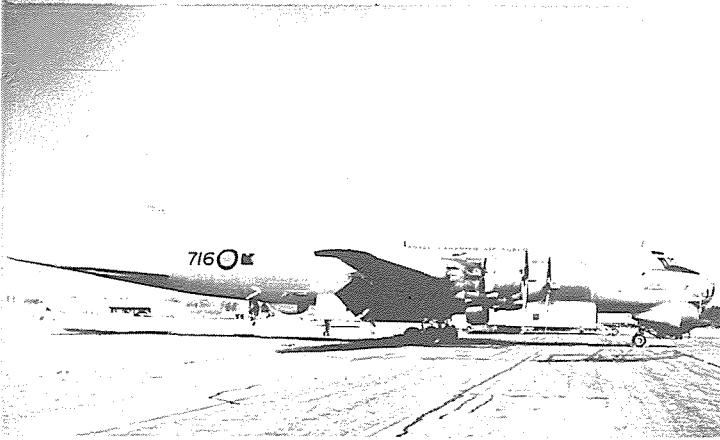

Compiled by Neil A. Macdougall

The following list is as complete as official information and amateur persistence have been able to make it. The numbers which are blank were not assigned so far as is known. So many unused numbers are available that it is surprising to find several blocks of numbers and some individual numbers allocated twice. Many aircraft used in Canada and overseas by the R. C. A. F. retained their R. A. F. serials and do not appear in this list. The R. C. A. F. list for the years 1927 to 1942 appeared in the summer issue (5:2) of the Journal. The author would be glad to hear from anyone with further information on R. C. A. F. serials and markings. Please write to 603 Devon Tower, 59 Spadina Road, Toronto 4, Canada.
